Biography:

Mr. Charles Jones is a graduate of the University of Tennessee with Undergraduate and Master's degrees in Urban and Regional Planning. He is a member of ITE and is also a certified planner with the American Planning Association. He began his career with the Charlotte Department of Transportation working with travel demand models. He has been in his current position as Traffic Safety Section manager for over three years where he has overseen the development of a comprehensive crash reporting and analysis system and currently serves as the liaison for the City of Charlotte on FHWA's Highway Safety Information System. Mr. Jones is also the chairman of the Traffic Safety Advisory Committee, a local consortium of public and private organizations that develop awareness campaigns to address traffic safety issues. He is married to Mrs. Leslie Jones, a consulting engineer, and they have a 2-year old son, Parker.
